Benefit coverage, limitations, and requirements

The following Benefit Grid contains all covered dental procedures and is intended to align to all State and Federal regulatory requirements. Therefore, this Grid is subject to change.

Important - Implant Coverage Policy

Dental implants are no longer covered. The restoration of an implant will be considered only as a continuation of care on a case-by-case basis. Dental implant restorations will not be considered for coverage unless the member has a documented, paid claim for an implant body procedure (D6010, D6013, D6040, or D6050) performed in 2025.
